executive role.

	1	1.	A system for enabling real-time collaboration and workflow management of a
	2	marke	ting campaign within a marketing organization, the marketing organization having a
	3	plurali	ty of marketing roles defined therein, the system comprising:
	4		a processor for processing computer instructions;
	5		at least one display for displaying information to a respective user in response to the
	6	proces	sor;
	7		memory for storing computer instructions, the instructions providing for:
	8		a role portal component for providing at least two respective role portals
	9		corresponding to at least two of the marketing roles within the marketing
	10		organization; and
<u>.</u>	11		a workbench component for generating on the at least one display a
	12		workbench corresponding to each of the at least two role portals, each workbench
<u>.</u>	13		permitting a user to access metric and workflow information associated with the
	14		corresponding marketing role.
Ē	1	2.	The system of claim 1 wherein the at least two marketing roles comprises at least a
Figure Care	2	marke	ting manager role.
U			
H	1	3.	The system of claim 2 wherein the at least two marketing roles further comprises a
±	2	data aı	nalyst role.
	1	4.	The system of claim 3 wherein the at least two marketing roles further comprises an
	2	execut	ive role.
		5	The sent on a fall-ing 1 subscript the at least two marketing roles comprises at least a
	1	5.	The system of claim 1 wherein the at least two marketing roles comprises at least a
	2	data ai	nalyst role.

The system of claim 5 wherein the at least two marketing roles further comprises an

- 7. The system of claim 1 wherein the at least two marketing roles comprises at least an
- 2 executive role.
- 1 8. The system of claim 1 wherein the workbench corresponding to each of the at least
- 2 two role portals comprises a plurality of different displayable pages capable of being
- displayed on one of the at least one display.
- 1 9. The system of claim 8 wherein the plurality of different displayable pages comprises
- at least a displayable home page containing at least high-level marketing information.
- 1 10. The system of claim 8 wherein the plurality of different displayable pages comprises
- at least a displayable page providing a workflow view of marketing strategies and associated
- 3 tasks.
 - 11. The system of claim 10 wherein the displayable page providing a workflow view
- 2 further provides access to a workflow software application.
- 1 12. The system of claim 11 wherein the displayable page providing a workflow view
- further identifies and provides access to computer accessible reports that may be used in
- 3 completing the tasks.
- 1 13. The system of claim 8 wherein the plurality of different displayable pages includes at
- 2 least a displayable page for marketing campaign management.
- 1 14. The system of claim 13 wherein the displayable marketing campaign management
- 2 page includes an icon for access to a campaign management software application.
- 1 15. The system of claim 13 wherein the displayable marketing campaign management
- 2 page includes metric data regarding marketing campaigns.
- 1 16. The system of claim 13 wherein the displayable marketing campaign management
- 2 page includes information about marketing campaigns.

3

- 1 17. The system of claim 8 wherein the plurality of different displayable pages includes at least a displayable page for a user to access software applications for performing marketing
- 3 analysis tasks.
